

Atividades em Família

Pensando em ajudar os pais nesses dias de quarentena, selecionei algumas atividades que realizo com Athena e que desenvolvem a coordenação motora fina, a criatividade, e a imaginação, trabalhando com as cores, numerais e vogais, além de proporcionar um tempo de qualidade valioso com a criança. Todas essas atividades você pode encontrar no google de forma gratuita. O que eu fiz foi selecionar algumas para para vocês, para facilitar a busca e seleção desse tipo de atividade para os pais.

É essencial a participação e a colaboração dos pais nesse processo, pois isso faz toda a diferença na execução, duração e resultado da atividade. Quanto mais você integair com a criança no momento da atividade, mais ela se interessará em fazê-la.

-

Para a realização das atividades será necessário alguns materiais artísticos como:

Giz de cera

lápiz de cor

cola

tinta guache

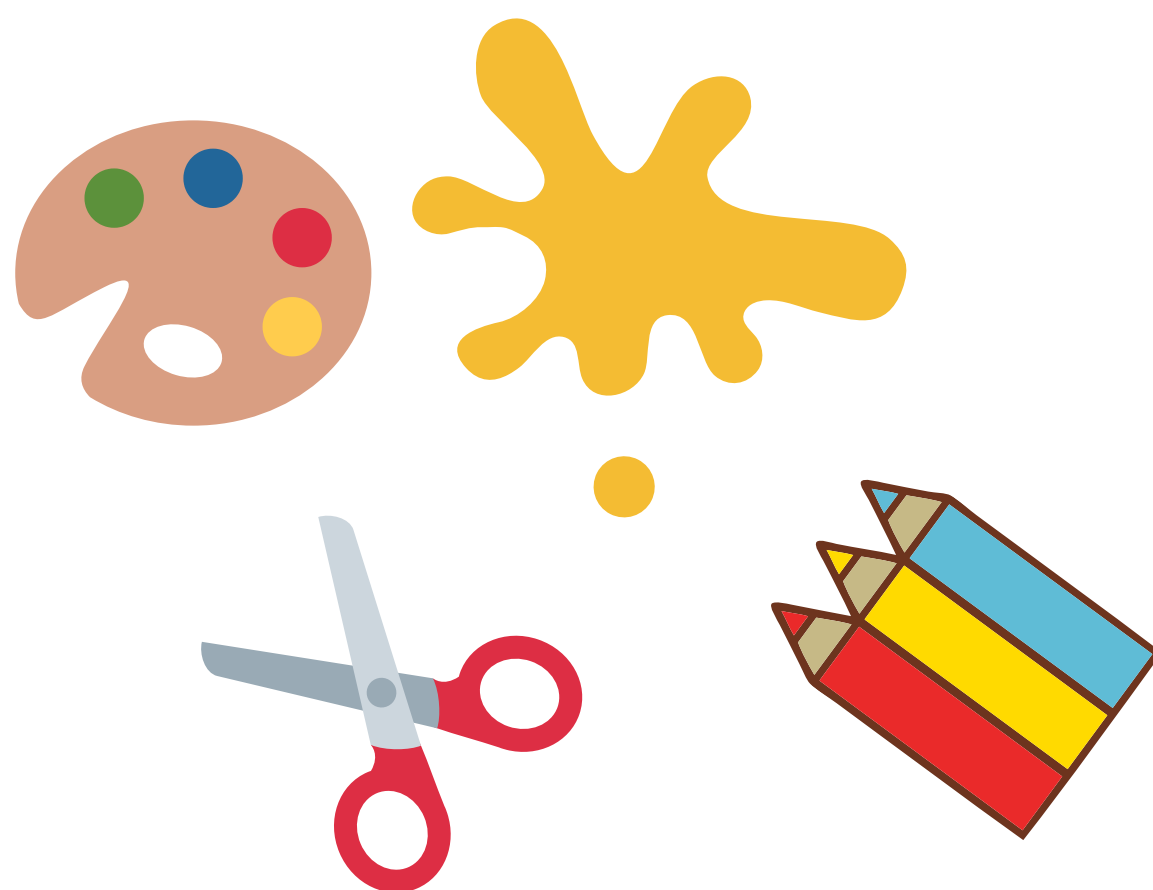

papeis cortados

tesoura

algodão

barbante

-

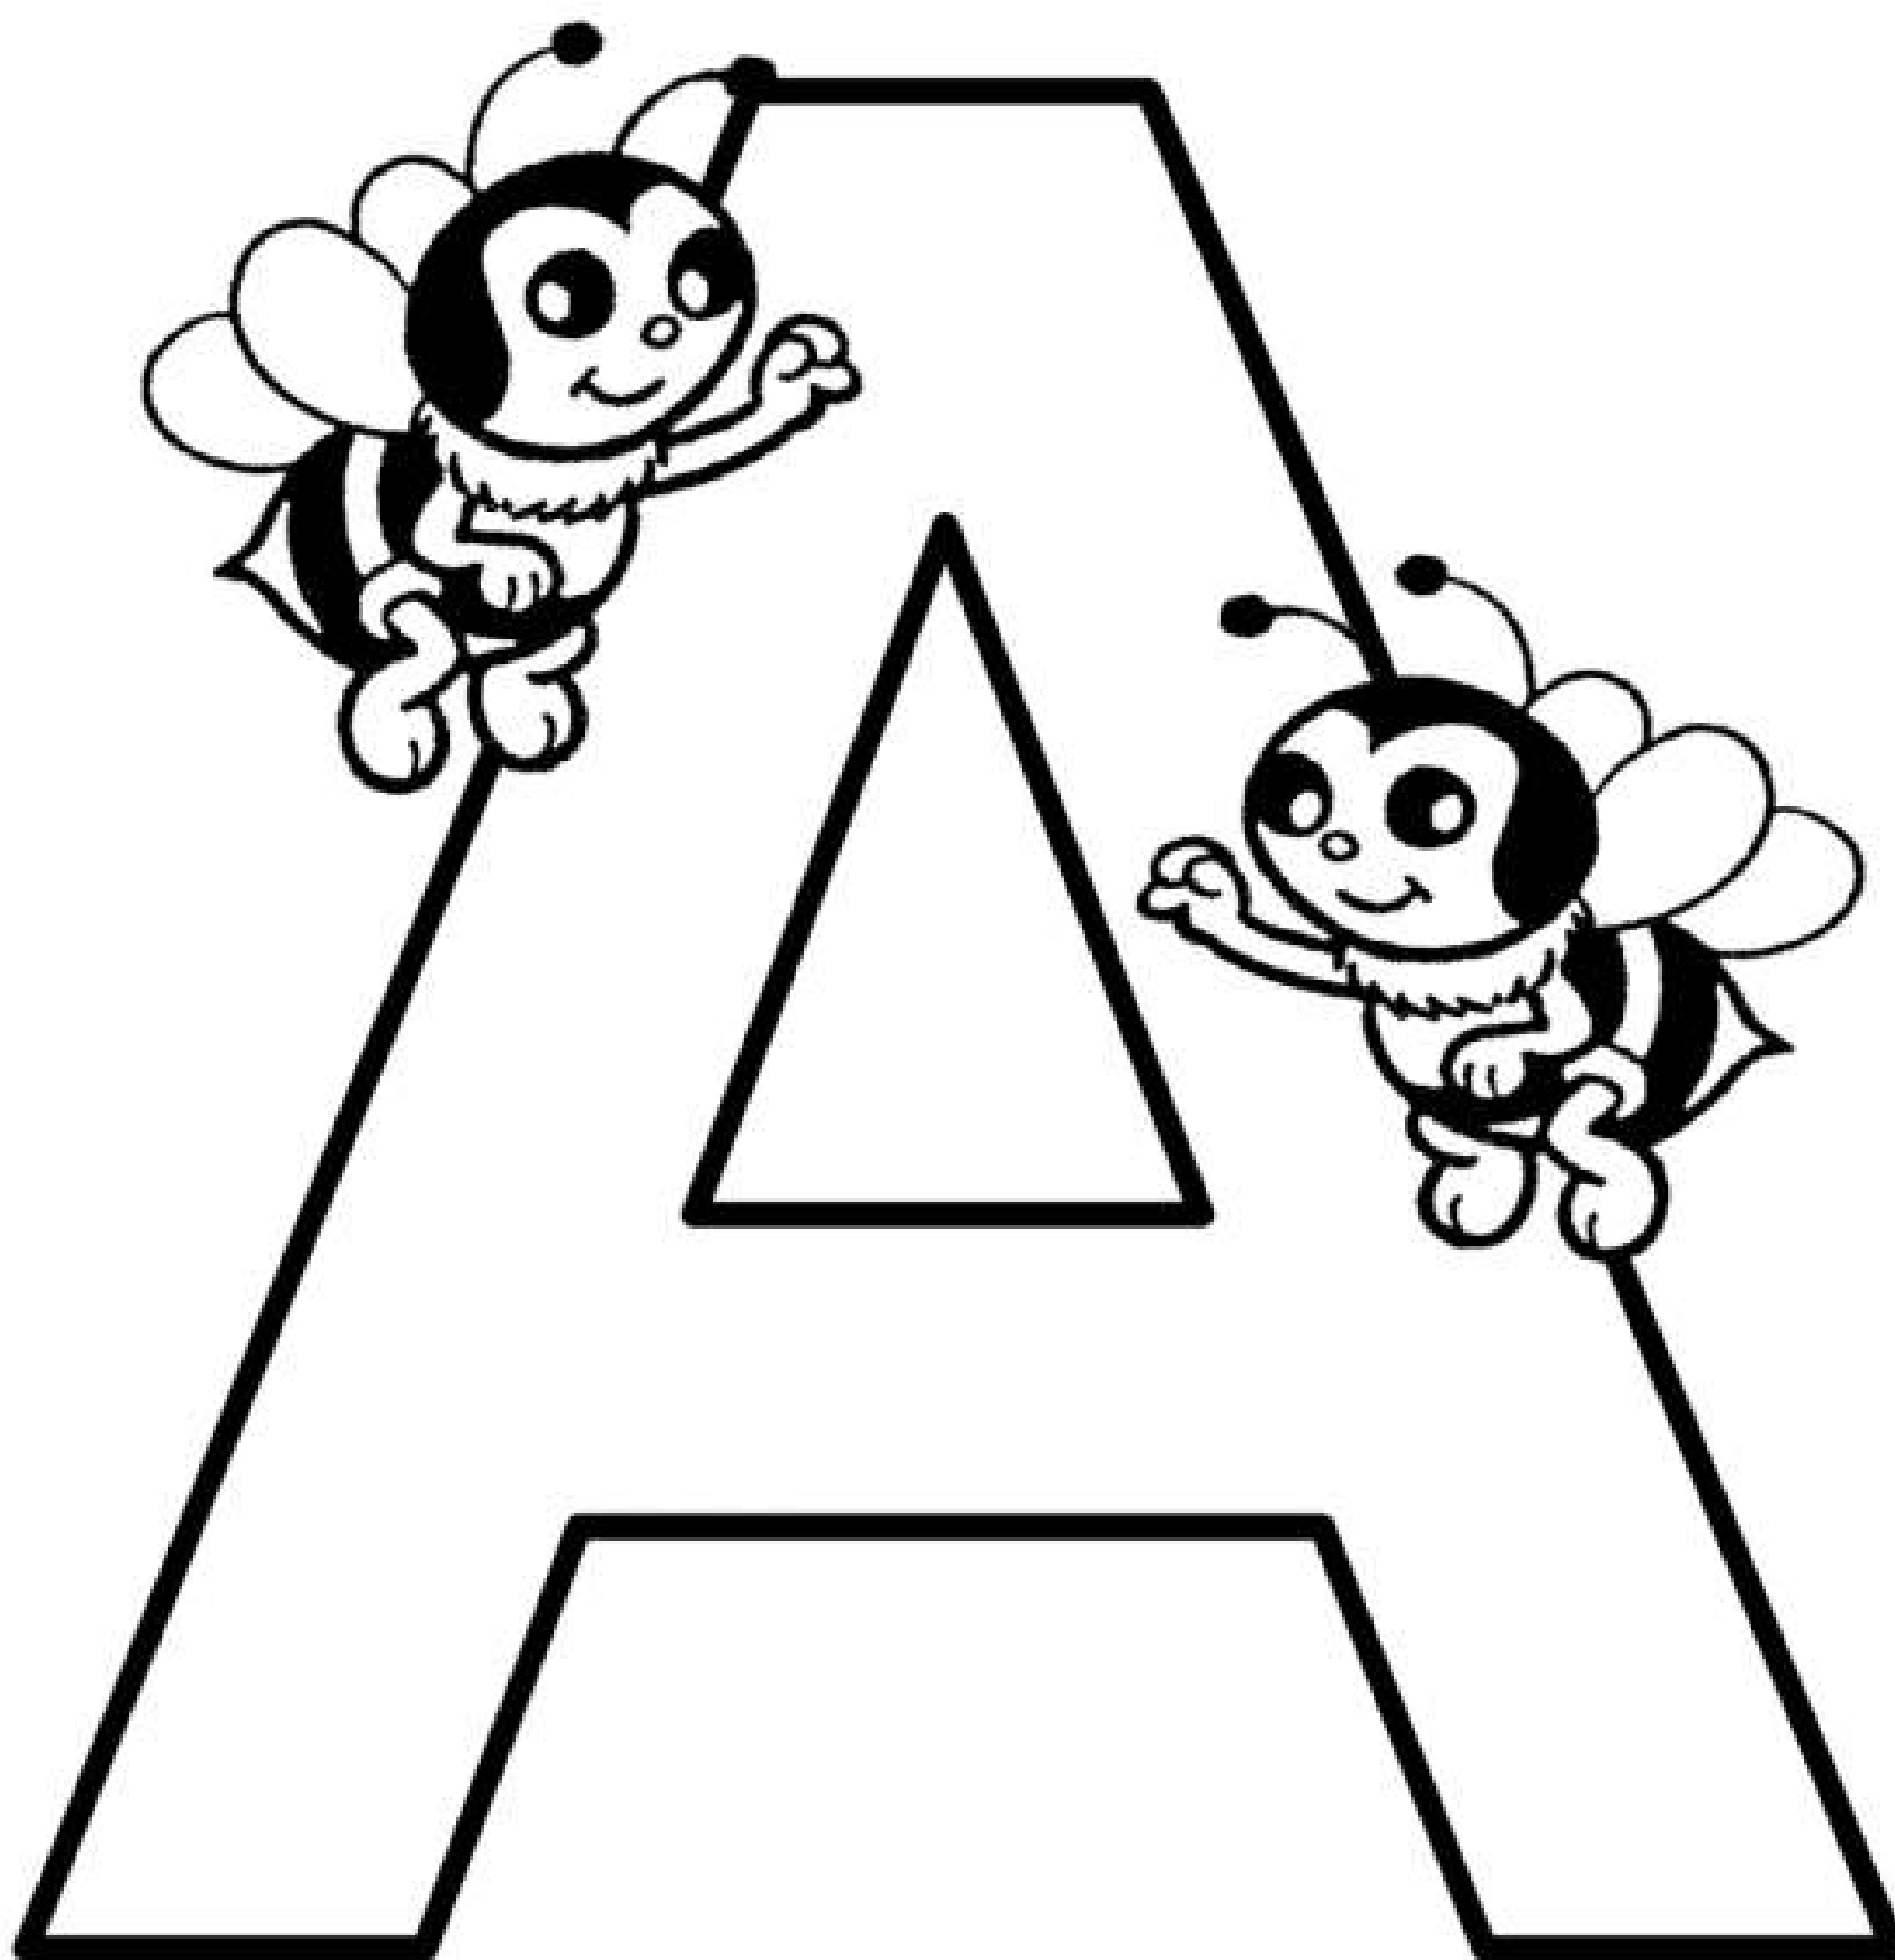

Você também pode inovar a atividade, usando outros recursos para deixá-la mais divertida e atrativa para a criança. Solte a imaginação e se divirta com seus filhos. Espero que gostem e o mais importante DIVIRTAM-SE BASTANTE!

Com todo amor e carinho @mamaeexpresso, Jéssica Aguiar.

Obs: todas as atividades foram retiradas do google.
O crédito de cada atividade encontra-se na sua
própria imagem
